

Can you have a pet?

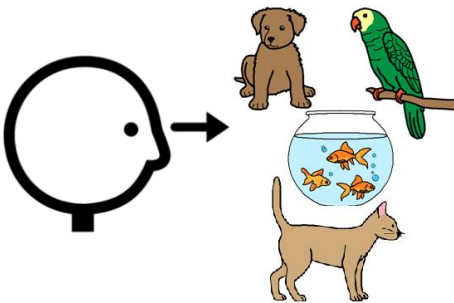

You need to talk to inhousing.

Talk to inhousing about

- the pet you have now

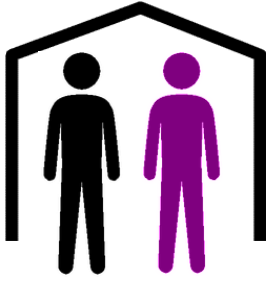

or

- the pet you want to have.

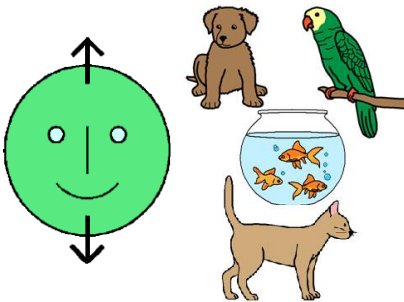

You may be able to have a pet.

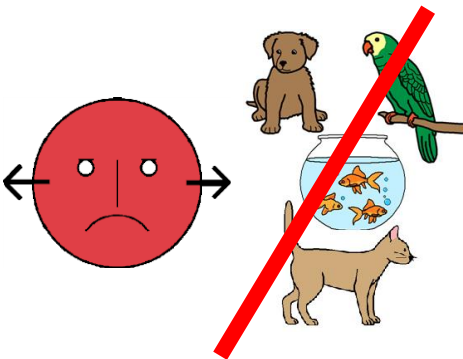

Do you share your home with some one?

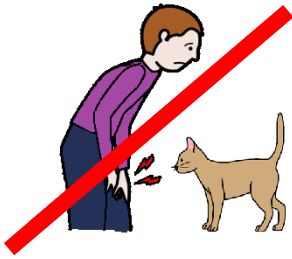

You must ask them too.

They say yes. You can have a pet.

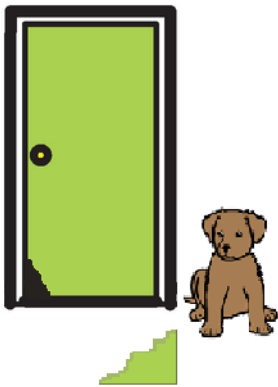

They say **no**. You can **not** have a pet.

Your pet must **not**

- break any thing in your home
- upset other people
- hurt other people.

Your pet may break some thing. Like
They scratch the door.

And

It puts a hole in the door.

You must pay to fix it.
