**We check your home.**

We call it an inspection

We check

- you do the right thing.  
Like keep your home clean

- you have every thing you need.  
Like a ramp to come in the door.

- We also see what needs to be fixed.  
Like a leaking tap.

We come every 6 months.

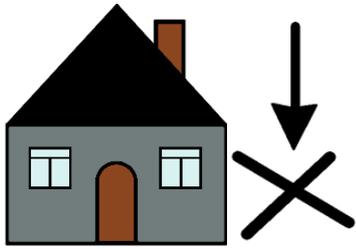

We send you a letter.

It tells you when we will come.

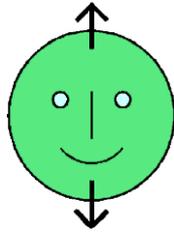

| Sun | Mon | Tue | Wed | Thur | Fri | Sat |
|-----|-----|-----|-----|------|-----|-----|
|     |     |     | ★   |      |     |     |

|     |     |     |     |      |     |     |
|     |     |     |     |      |     |     |

We must tell you 7 days before we come.

This is the same as 1 week before we come.

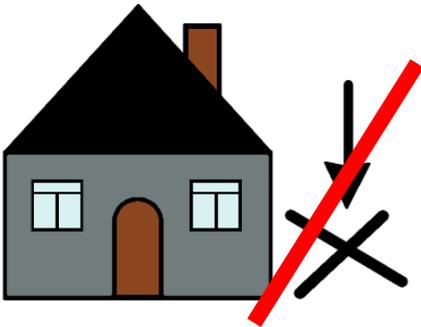

Do you want to be at home when we come?

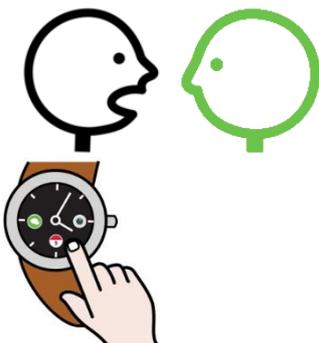

Yes. I want to be at home when you come.

**But**

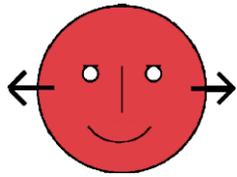

You are out when we want to come.

Talk to us.

Ask for a different time.

No. You do **not** want to be home when we come.

Tell us you will **not** be home.

It is ok for inhousing to check your home.

## Other times we come to your home

We check the work is done.

Like the tap does **not** drip now.

You want to talk about your home.

Like you need to talk about your rent.
