

# Steps to get out very fast

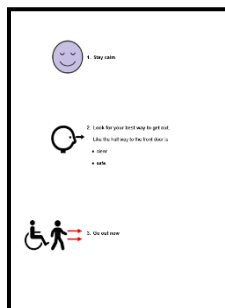

There is a

- fire
- flood

- other big danger. You may get hurt.

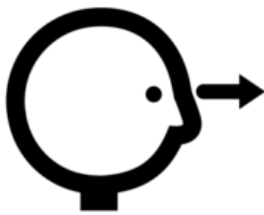

You must follow these steps.

We call it the **Evacuation Procedure**

**1. Stay calm**

**2. Look for your best way to get out.**

Like the hall way to the front door is

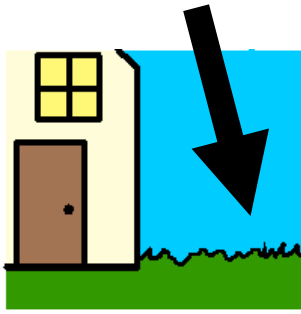

- clear
- safe.

Like the back door is

- clear
- safe

**3. Go out now**

**4. Stay out side**

**5. Call 000**

Personal support workers that help you in your home know the steps too.

They check all staff know the steps too.

They may put a drawing of the plan on a wall.

They may talk to you about it.
